library-berlin@escp.eu

Step 1: Login with the assigned accesses

Login

Login

Benutzername

Passwort

Login

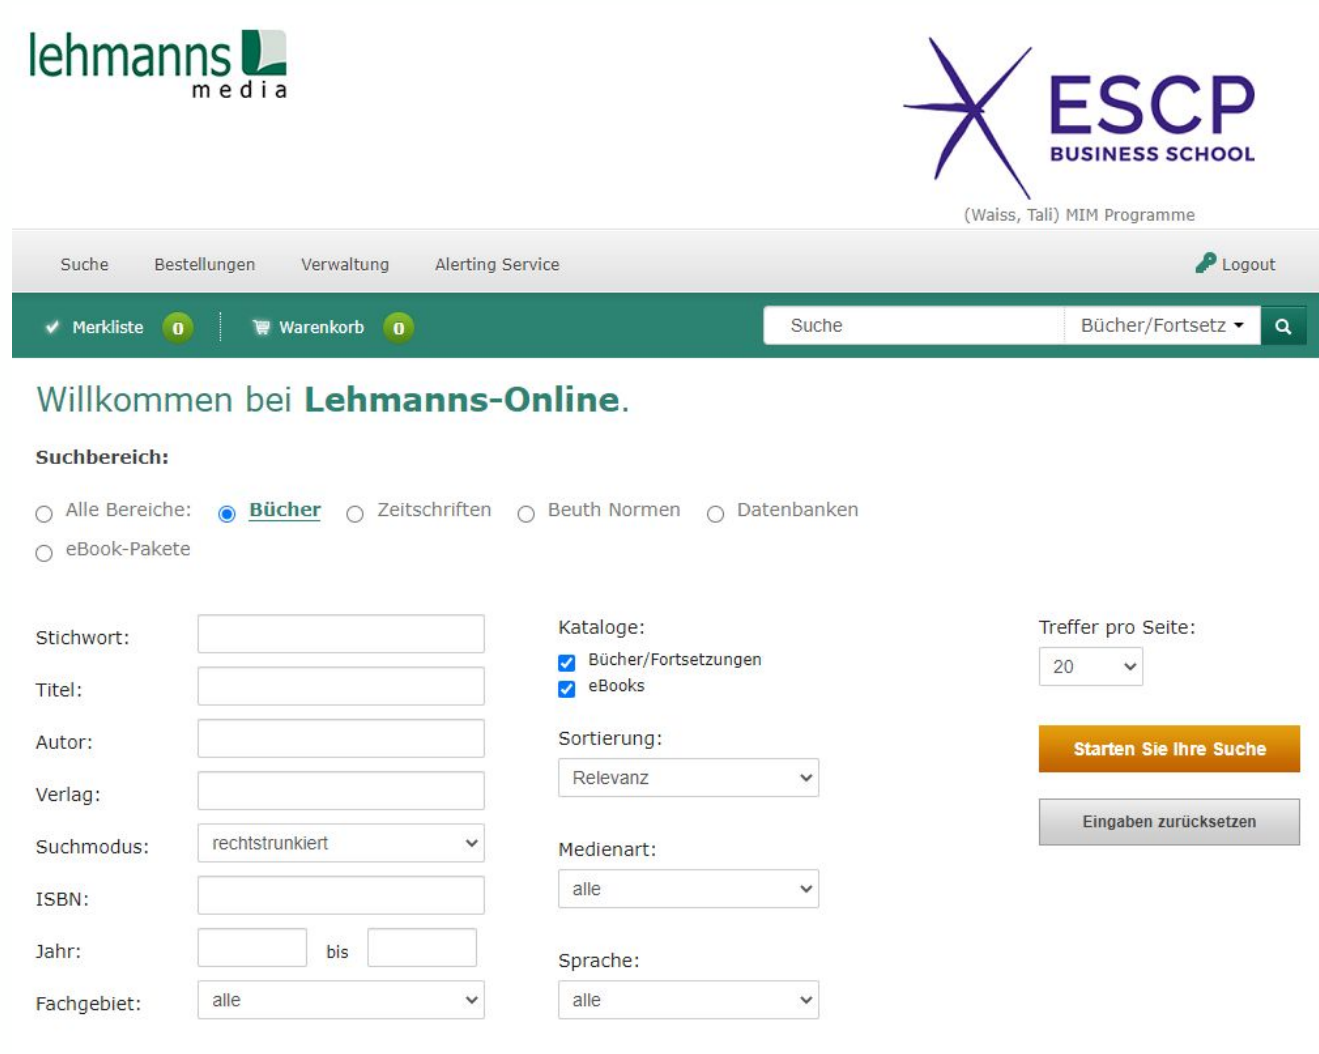

Receive your access data individually through the library or programme coordinators.

Step 2: Media search

Advanced search mask

Create as many shopping carts ('Warenkörbe') or watch lists ('Merklisten') as you like.

These are **only visible to you**.

The screenshot shows the 'Lehmanns media' website interface. At the top, there are logos for 'lehmanns media' and 'ESCP BUSINESS SCHOOL (Waiss, Talli) MIM Programme'. A navigation bar includes links for 'Suche', 'Bestellungen', 'Verwaltung', and 'Alerting Service', along with a 'Logout' button. Below this, a green bar displays 'Merkliste 0' and 'Warenkorb 0'. A search bar contains the text 'Suche' and a dropdown menu set to 'Bücher/Fortsetz'. The main heading reads 'Willkommen bei Lehmanns-Online.'.

The 'Suchbereich:' (Search Area) section includes radio buttons for 'Alle Bereiche:', 'Bücher' (selected), 'Zeitschriften', 'Beuth Normen', 'Datenbanken', and 'eBook-Pakete'.

Search criteria fields include: 'Stichwort:', 'Titel:', 'Autor:', 'Verlag:', 'Suchmodus:' (set to 'rechtstrunkiert'), 'ISBN:', 'Jahr:' (with 'bis' for a range), and 'Fachgebiet:' (set to 'alle').

Filter options on the right include: 'Kataloge:' with checkboxes for 'Bücher/Fortsetzungen' and 'eBooks' (both checked); 'Sortierung:' (set to 'Relevanz'); 'Medienart:' (set to 'alle'); and 'Sprache:' (set to 'alle').

On the far right, 'Treffer pro Seite:' is set to '20'. At the bottom right, there are two buttons: 'Starten Sie Ihre Suche' (orange) and 'Eingaben zurücksetzen' (grey).

Step 3: Media selection

You can already decide here for a print or ebook.

However, we reserve the right to **change the license and/or the media type** if necessary.

With fair pricing, **ebooks are preferentially purchased** for all library users due to their accessibility.

Printausgabe
Corporate Finance and Capital Structure
2020 Routledge
Hardcover

Please select eBooks from **Ebook Central** only. Other suppliers are only supported by arrangement. Please contact the library staff for this.

Decide here for a license model.
We will be happy to advise you if you are unsure.

Here you will also find previous editions, subsequent editions, the Ebook or print version.
Please note that the Ebook version doesn't always appear in "weitere Ausgaben", so if you are specifically looking for an Ebook, we advise you to also search separately.

Step 3: Media selection - Ebooks

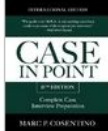

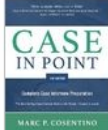

Please note that sometimes there are **no institutional Ebook licenses** that our university is allowed to purchase.

We are then forced to purchase the book in print.

Beschreibung

Using a unique pedagogical approach, this text introduces mathematical logic by guiding students in implementing the underlying logical concepts and mathematical proofs via Python programming. This approach, tailored to the unique intuitions and strengths of the ever-growing population of programming savvy students, brings mathematical logic into the comfort zone of these students and provides clarity that can only be achieved by a deep hands-on understanding and the satisfaction of having created working code. While the approach is unique, the text follows the same set of topics typically covered in a one-semester undergraduate course, including propositional logic and first-order predicate logic, culminating in a proof of Gödel's completeness theorem. A sneak peek to Gödel's incompleteness theorem is also provided. The textbook is accompanied by an extensive collection of programming exercises and solutions.

Fill in as much information as possible:

Who wants to borrow the book?

What is the book needed for?

- Would you like to consult the book just for some days or for a longer period?
- Is it a course book and many copies (available at the library) are needed?
- Is it for reference and not available for borrowing?

Who makes the order?

Even if not a course book, is it used for a specific course or programme?

Then please give the name of it. And if not, then please type in any sign or letter on the required field.

Step 4: Order title (explanations)

For your information:

- **'Bibliothek'/Library:** Medium is available in small number for students and employees for borrowing.
- **'Eigennutzung'/Personal use:** Staff/professor borrows the medium for his/her own research, or/and a longer period. It is still available for loan to other users.
- **'Kursbuch'/Course book:** Medium is available in increased number for students. Please indicate desired number (subject to change!).
- **Reference/Präsenz:** the book is at the library on the shelf of the corresponding chair/programme, it is not available for loan, just for on-site consulting.

Step 5: Submit order (to library team)

Vielen Dank für Ihre Bestellung!!

Für weitere Einkäufe zurück zur [Suche](#)

After ordering, the library team will automatically receive an email notification regarding your order requests.
It is not yet sent to the supplier.

We will then contact you to discuss any uncertainties directly.

Step 6: Monitor your order

Under 'Bestellungen'/ Order you will find your own order overview. Here you can set the current status of your order.
